

CURRICULUM VITAE

My work experience to date has involved various customer-facing roles where I was able to develop my communication, organizational and efficiency skills. I am now looking to move into a career that offers intellectual and creative challenges, as well as the opportunity to discover and develop a high level of technical expertise. With this in mind, I have recently graduated from a coding Traineeship as a full stack developer including completing 2 real-world projects successfully to specification using a wide range of programming languages. I believe an aptitude for self-education and development is a key quality in the coding field. I aim to deliver results that show a full understanding of the specifications required while including my own creative input where possible but without adding unnecessary time or complications. I hope my skills will open up exciting new opportunities and make me a valuable addition to any company.

PERSONAL DETAILS

NAME: Dymock Brett

RESIDES: London

TRANSPORT: Full UK driving licence

LANGUAGES: English (Advanced), French (Intermediate), Spanish (Basic)

CODING TRAINEESHIP

IT Career Switch Ltd
Coding Traineeship – Full stack developer
1-year program

During the traineeship I had to demonstrate a very competent level of the following programming languages and technical skills

- HTML5, CSS3, JavaScript
- PHP, SQL, React, jQuery
- Java, Python, C#, Node.js
- Command Line Git, GitHub
- Remote API access

I have recently passed my **Microsoft 98-383: Introduction to Programming Using HTML and CSS**. More information on this certification can be found at: <https://docs.microsoft.com/en-us/learn/certifications/exams/98-383>

ADDITIONAL TECHNOLOGIES:

- MariaDB, Bootstrap, Semantic UI, MS Excel, Google Sheets, Pandas, OOP

DEVELOPMENT EXPERIENCE:

Below are the two briefs of development projects I completed with IT Career Switch which can be found in my bio: <https://www.dymockbrett.co.uk/>

Portfolio Project #1: “Gazetteer”

The specification was to reply to a website specification for a map-based app to provide information on countries – with a focus on a “mobile-first” development. Preferably using a framework, to then develop HTML, CSS and JavaScript with JQuery modules that use PHP server-based components to source data from third-party APIs (Geonames, OpenWeather). The solution is assessed on its delivery to specification, functionality, and usability.

Portfolio Project #2: “Company Directory”

A more rigorous reply to this specification was required as a user requirements document was needed to be prepared which, when signed off, triggers the release of SQL allowing to develop a “mobile first” application to maintain a company personnel database (MySQL). Sign-off is only achieved upon the student supplying an independently witnessed document providing confirmation of the system’s ability to perform error-free.

CAREER HISTORY:

Nov 2020 – Dec 2021

POSITION HELD:

Selective Recruitment

Operative

- Customer facing operative at the Hackney Arriva NHS testing centre
- Helped customers to administer a self-test for PCR analysis, assisting with site security

2009 – 2020

POSITION HELD:

One Clear Vision

Trustee/Director

- Founded this charity with the intention of promoting awareness of a vision perception disorder
- Achievements included building relationships with medical professionals globally, leading to the definition of a new disease: Vision Degrading Myodesopsia
- The charity itself closed in 2020 due to low resources

Mar 2019 – Sep 2019

POSITION HELD:

Genesis Vegan Restaurant

Bar Manager/Operations

- Built and maintained relationships with new and existing suppliers
- Designed stock count and ordering systems
- Organised the staff rota and was responsible for hiring and training new starters
- Built a shift reporting tool, integrating Google Forms and Google Sheets, to provide a user-friendly and automated means of recording sales and revenue data, alongside the service reports

Apr 2013 – Mar 2019

POSITION HELD:

Caravan Bar & Restaurant

Food runner

- Reliable and efficient table service and food/drink delivery to customers
- Communicated effectively with head chef, managers and rest of team
- Maintained high levels of hygiene and organisation
- Trained new starters
- Used POS payment and till systems
- Maintained stock levels and ensured stock was in the correct places

2015 – 2016

POSITION HELD:

Food Assembly

Founder

- Set up a Haringey branch of the Food Assembly, providing people with the opportunity to buy fresh produce from local suppliers
- This involved cold-calling new suppliers, marketing the concept to the community, and setting up the weekly collection at a local venue
- Put together a team of four volunteers to help with the collections each week

Oct 2011 – Mar 2013

POSITION HELD:

Leonard Street Studios

Admin Support

- Project management and admin support
- Used software packages - Word, Excel, PowerPoint, and also Google Docs, Google Sheets
- Answered telephone and direct calls as appropriate
- Received and responded to email messages
- Scheduled meetings
- Developed reports as requested
- Performed research as needed
- Maintained filing system
- Acted as communication relay, making sure all parties received necessary information and that this information was accurate
- Created and reconciled the expense reports

2007 – 2009

POSITION HELD:

TranslateMedia

UK Sales Director

- Headed up the UK sales arm of a multinational translations agency, developing new leads, and creating partnerships in new sectors such as market research and PR
- The role involved cold-calling, drafting emails to new clients, sales presentations, online demonstrations of proprietary software, attending trade shows and creative PR campaigns

EDUCATION:
